Dear Reeve Link:

I am pleased to advise your council that your project, Hamlet of Rosebud New Wastewater Lagoon and Lift Station, will be funded under the Alberta Municipal Water/Wastewater Partnership (AMWWP). Additional grant funding is being provided under this program to help stimulate economic recovery and support job creation.

Based on your submission/application, Wheatland County will receive a grant of 75 per cent the estimated eligible project costs, or up to \$2,564,209 for the project under this program. The final grant amount will be based on the actual eligible costs at the time of the project completion up to a maximum grant of \$2,564,209. With this funding, the municipality/commission will be solely responsible for all costs to operate, maintain, repair and replace the completed works.

Alberta Transportation is pleased to be able to provide this funding as we recognize that supporting water and wastewater infrastructure is critical to the quality of life, economic growth and residency of Alberta's communities.

Alberta Transportation staff will be in contact with your administration to formalize the funding agreement to undertake this work.

Sincerely,

Ric McIver  
Minister
