Legislative Services - Town of Strathmore

Dear Jennifer,

Following up on our conversations over the past month the Village of Acme would formally request to join with the regional Assessment Review Board that the Town of Strathmore and your neighboring communities have together.

The Village of Acme does not have many Assessment Appeals but recognizes that by doing this together we have a better Board with more capable members.

I look forward to hearing from you in regard to this matter.

Sincerely,

Bruce McLeod,

Mayor, Village of Acme
