

Welcome from Wheatland County

Congratulations on making the decision to locate your business in our region and join the Strathmore Wheatland Chamber of Commerce. The Wheatland County region has long been a community of innovation and opportunity for entrepreneurs and industry. As a long time resident and elected representative of Wheatland County, on behalf of Council, I welcome you to discover our story. Stretching from the Bow River to the Badlands, across our fertile cropland and vast native grasslands, our story is one of infinite landscapes and infinite possibilities.

Wheatland County has a rich history. For millennia, this region has supported our indigenous people's traditions and cultural values, and we continue to strengthen our partnerships through open dialogue and cultural exchange. The success of Wheatland County is rooted in the belief in possibility combined with hard work. Agriculture is a foundational sector of our economy, which has now diversified into oil and gas, green energy, manufacturing, tourism, commercial, and retail. Wheatland is ideally located and has everything needed for any business to prosper, diverse labour expertise, educational opportunities, market access, major transportation corridors, including rail, and close proximity to an international airport. Over time emerging industries have prospered and thrived here. It is the people and the land that make this happen. Through respect to people and land, infinite possibilities flourish.

Chambers of Commerce provide the means to aid business networking and development across all communities. The Strathmore Wheatland Chamber of Commerce (SWCC) is no exception. The SWCC provides members with support, advocacy, and a broad range of services that businesses need in order to prosper. With the regional diversity of a large urban centre like Strathmore, villages, hamlets, and vast rural areas, together the SWCC and its partners are creating a network of support for our local entrepreneurs. You can trust that by investing in a membership with the Chamber you are investing in your business's success.

Our Community & Development Services brand of the WC and its promise of infinite landscapes and infinite possibilities is the foundational vision our strategic growth will be based on. Innovation, collaboration, and hard work within our region have contributed to our fantastic quality of life and sense of community. We welcome you to share in this experience and opportunity. Please let us know how we can best serve you. We look forward to meeting you.

Welcome to the Strathmore Wheatland Chamber of Commerce!

Amber Link,
Reeve, Wheatland County
