

WHEATLAND COUNTY

Where There's Room to Grow

Office of the Chief Administrative Officer

August 25, 2020

Megan Evans
Executive Director, Alberta Invasive Species Council
P.O. Box 1925
Blairmore, Alberta T0K 0E0

Dear Ms. Evans,

Re: Support for the Alberta Invasive Species Council application to the Alberta Real Estate Foundation Funding Program

Wheatland County is pleased to partner with the Alberta Invasive Species Council on the Identification Guide of Alberta Invasive Plants.

We aim to educate the public about invasive plants and management techniques that will help to reduce the impact invasive plants have on the environment and agricultural lands. To that end, this guide assists us by providing identification characteristics, information about plants, as well as landowner responsibilities under the Alberta Weed Control Act.

Wheatland County's Agriculture and Environment staff look forward to working together with the Alberta Invasive Species Council on this project and support their application to the Alberta Real Estate Foundation Funding Program.

Sincerely,

Brian Henderson, CPA, CA
Chief Administrative Officer
