

# WHEATLAND COUNTY

## Councillor Monthly Report

---

**Councillor:** Tom Ikert

**Division:** 4

**Reporting Period:** October 2020

**Reporting Date:** October 31/20

### Committees / Meetings / Events – Topics of Interest

October 6 Council meeting in chambers ( see website for details )

October 7 ASB meeting

October 8 Wheatland Housing Management Board

October 13. MPC ( see website for details )

October 13 Planning and Priorities

October 20 Organizational/Council meetings in chambers ( see website for details)

October 20 WRC My first meeting,

- South Truck fill substantially complete. As of meeting date, there was \$57,844 of the \$1.09 million, not spent. Board will have to decide on how to pay for the overruns
- Rex Harwood who lives outside of Rosebud, has to be considered a resident of Rosebud as he is currently on the Rosebud well and pays monthly utility charges to the County. WRC will install a vault and meter at his property line for a cost to be determined, but was estimated to be about \$12K ( if there is sufficient head pressure at his location) if not, a cistern will need to be used. Which will be more money. This will have to be the responsibility of the County
- The County needs to make a re-allotment motion for the \$545K contribution for the South Truckfill station, which was a 50/50 grant between the County and the Feds. Administration has been notified and this will be coming back to Council
- There has been 13.5km of the 20 km of pipe to Rosebud laid. They are making great time, a small extension was approved, the line should be complete before the end of 2020.
- There was some discussion of servicing for Redlands, and whether or not the residents had been surveyed, I emailed the survey results from administration, of our Redlands survey, to the WRC board.

“a socialist is just a communist who’s in a hurry”
