a. Rural patrols

With recent Covid-19 concerns, Bassano Detachment is determined to stay on top of helping to prevent crime and be more visible in our rural areas to keep residents safe and stay engaged. Therefore, we have greatly increased our rural patrol in your areas during these unprecedented times.

- **Bassano Detachment continues to take rural property crime as its top priority. Therefore, we have made serious efforts in increasing the amount of patrols in rural farm properties, and the downtown area located in Hussar and Wheatland County.**

b. Copper theft patrols.

Bassano Detachment continues its new intelligence-sharing program to help combat copper theft in our detachment area. This has helped us identify hot spot areas where we can allocate more resources to these areas and greatly increase patrols.

- We started our copper theft operations with our specialized RCMP intelligence unit at beginning of April. *** Due to the sensitive nature of operations, details will not be discussed in this report.**
