Key Issue(s) / Concepts Defined

Define the topic, reference background material and state question to be answered

Municipalities that share a border were required to enter into an Intermunicipal Development Plan (IDP) as of the April 1st, 2018 amendments to the *Municipal Government Act (MGA)*. The Village of Standard and Wheatland County did not previously have an IDP.

The plan area of the IDP encompasses approximately 2,155 acres of County land and includes the parcels within the Village that are directly adjacent to the intermunicipal boundary. The IDP's land use goals and objectives focus on retaining agriculture and grazing as primary land uses in the County's portion of the plan area while directing non-agricultural uses in the Village's plan area. As there is little development pressure within the plan area, the IDP's policies are high-level, focusing on when to notify the other municipality of new developments and encouraging collaboration. There is a policy addressing urban expansion as well. Should the Village need to annex land from the County to accommodate growth, it requires consultation to occur prior to the initiation of an application to the province. The policies address all of the *MGA* required topics while allowing each municipality to retain control within their respective jurisdictions.
