Apr 21 – Council – regular council meeting

Apr 6, 8, 13, 17 and 23

-Conference with EDO about operational issues as well as 2 executive conference calls. Due to COVID19 staffing is a bit of an issue however Tammie is working through it. Decided on the 17<sup>th</sup> Executive meeting to reopen our recycle program.

April SAEWA 10, 17, 24

-Conference dealing with next action to take regardless of COVID19. For now public consultation is on sideline however Project Lead is still pursuing Government support as is our Manager of Operations looking for grants.

Seems we spend a lot of time on the phone – not my biggest thrill however we will get through it!
