

Ben Armstrong Division #7 May 2020 Report

Lots of telephone conference calls

May 5 – Council on Website – conference call

May 12 – MPC on Website – conference call

May 15 – SAEWA Executive conference call

May 19 – Council on Website – conference call

May 28 – Council Insurance seminar – phone conference

May 29 – SAEWA Champion Board meeting (face to face)

Four conference calls with EDO, Tammie at Drumheller and District Solid Waste on operation of landfill and recycling. Some issues but our EDO seems to be handling it and she is keeping things rolling along.

I will be really happy when we are back to normal for our meetings and it hopefully happens PDQ!

Drink more coffee. It enables you to do stupid things faster with more energy!
